MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: US Army Area III Support Activity Policy Memorandum #64, Area III Support Activity Commander's Environmental Policy

1. I am committed to reducing the adverse environmental impacts resulting from our daily operations and to taking a leading role in being conscientious stewards of the Korean lands entrusted to the U.S. Forces. Therefore, this command will:

- a. Protect the health and safety of all soldiers, civilian employees, contractors, volunteers, and the general public who visit our facilities;
- b. Implement and maintain an environmental management system that minimizes the negative impact of our operations on the environment with a program of continual improvement in environmental performance;
- c. Operate in an environmentally responsible manner and in compliance with all environmental laws, regulations, and directives;
- d. Promote environmental awareness and train our personnel to perform their duties in support of these environmental policies;
- e. Maximize the use of source reduction and other pollution prevention measures to conserve our natural resources and minimize waste generation;
- f. Make every effort to consider the environmental effects of any proposed actions at the earliest possible stages in the planning process;
- g. Through assessments and other means, monitor operations to assure that practices in our workplaces conform to this policy;
- h. Establish and promote an integrated, multi-use natural and land management program that encourages the conservation of our natural and cultural resources

2. Area III personnel are charged to exercise their leadership, initiative, and responsibilities to guarantee that the intentions of this Environmental Policy are diligently carried out.
